 **tint.melbourne**
Melbourne's home of window tinting

Bright futures require clear vision...

**Sun glare and
vandalised glass shouldn't
get in the way of
a great education.**

At tint.melbourne we have built a great reputation and brand in the market over the past decade in both the residential and commercial space. Offering competitive prices and utilising only the best products, our flat glass tinting is unmatched anywhere in Melbourne. We are fiercely independent and only offer market leading films from world leaders. Our quality tinting solutions are surpassed only by our exceptional customer service and reliability, saving you time, money and headaches.

On-site Glass Assessment

We can schedule biannual assessments of all accessible windows to keep them in perfect condition, also removing the stress from administration and maintenance staff.

Detailed Reporting

- Broken windows
- Reference photos
- Vandalised / Graffiti / Etched windows (future proofing solutions available)
- Damaged tint
- Recommended windows / Rooms for tinting

Free Quotation

Free quotation supplied for all works to be safely repaired.

HONESTY | RELIABILITY | QUALITY | SAFETY

tint.melbourne can help you with...

School Presentation

You expect the best out of your students, and their parents expect the best learning environment for their children. Damaged windows and peeling tint affect people's opinions. You only get one shot at a first impression for future students and their families.

Student Safety

Students and damaged glass are an accident waiting to happen. Our free report can help avoid future accidents.

Ongoing Maintenance

Ongoing maintenance will prevent those huge unexpected bills in the future. Having everything repaired at once saves you and your team time and money, and offers less disruption for staff and students.

Student Attention

Sun glare, graffiti and peeling tint are distractions in the classroom that can be prevented. Ensure your students can focus clearly on their teachers and education.

Less Stress

Having a system in place to maintain your windows takes the stress away from your maintenance and administration staff.
